Dear Mill Creek,

I like how you taught us to ride horses. I wish I could come back but I can't. I miss Tacobia lot. He is really cute. How is Annie doing? I like lucky too. I especially like Braken and Comanchy. In my sister's computer she put Mill Creek horses. Then it said Mill Creek Equestrian Center the she clicked on it the you telephone number appeared and we copied it. We saw all the school horses. Thank you for the ribbon the book and the horseshoe. Please to me back
