

Mill Creek

Summer Lease Program 2010

This summer we have put together 3 horse lease programs to coordinate with camp. After listening to our clients we have structured the summer leases in a way that will work best for you and for our horses.

2 weekdays and 1 weekend day: \$425.00 per month
2 weekdays and 2 weekend days: \$625.00 per month
Full lease (inquire about horse): \$900.00 per month

Lease commitments run from the 1st of the month to the last day of the month. In June, you may start your lease on the 1st or the 15th and pay half.

To insure your horse will be available when you plan to ride we must have your schedule at the start of the month. If there are days you will be out of town or not riding please call the office in advance so we know if your horse is available to use in the school. If you are riding your horse outside of a lesson please call us with a 3 hour window advising when you will be using your horse. You may not "sublet" your horse.

Camp and group lesson prices for leased and non- leased horses remain the same. Camp is \$80.00 per day, group lessons, \$35.00 per hour.

For our school horse clients who spend \$1000.00 per month on leases and camp or lessons you may take one free evening lesson per week for that month. The lessons that you may participate in for free are:

Tuesday or Thursday at 6 or 7 pm or Wednesday at 6 pm.

Please come to the office as soon as you know which horse and the dates you would like to lease. Lease payments are due by the first of each month. If you lease from 6/15 – 8/29 (8 weeks) and pay by 6/1, you will receive a 10% discount.
